INSTRUCTIONS FOR THE PROJECT FINAL EXAM:

1. The mid-project exam has a time limit of 40 minutes.
2. Regarding the Project - 2 Implementation - Each group should complete the entire implementation, meeting all objectives. **The evaluation will have more weightage on how the project groups addressed the comments given during the mid-exam. Hence, the supervisors should ensure its completion.**
3. Do not copy and paste the timetable to your students to announce the date and time. Instead, you are requested to announce the date, time, and room via Blackboard.
4. **The project team will NOT BE RESPONSIBLE for submitting separate comment sheets to any supervisors, nor will they be responsible for informing them of the comments individually.**
5. **Supervisors are welcome to attend their group presentation if necessary. Supervisors are only permitted to stay on their groups' presentations and exit the exam hall once they have finished, as it is not permitted to discuss or view your group's marks or comment on the students.**
6. The final document should be submitted along with the plagiarism report (as ONE SINGLE PDF, attached to the end of the document) to the drive. The link will be shared soon. **The deadline for the document submission is on 03-06-2023, Saturday before 1 PM.**
7. Students are **NOT PERMITTED** to bring eatables into the exam hall. Therefore, supervisors must inform their groups in this regard.

Prepared by: Dr. Rincy Merlin Mathew (Project Coordinator – CSM & ISM)
